## **Parent Volunteer Agreement**

Part of creating and belonging to a community is investing our time and effort into that community. Of course, there is the practical gain for our community through the work that parents put in. More importantly, though, we believe that coming together in service creates a sense of belonging and ownership. It makes you a part of the creation of this school. This aligns with our mission of breaking down the barriers that often seem to exist between the school and the family.

Future School families are expected to volunteer at least 10 hours of their time to the community over the school year. You could serve at the building, bring some expertise to our community, or help with recruitment efforts over the summer.

Please fill out the information below to assist us in helping to plug you into a service opportunity in our community.
